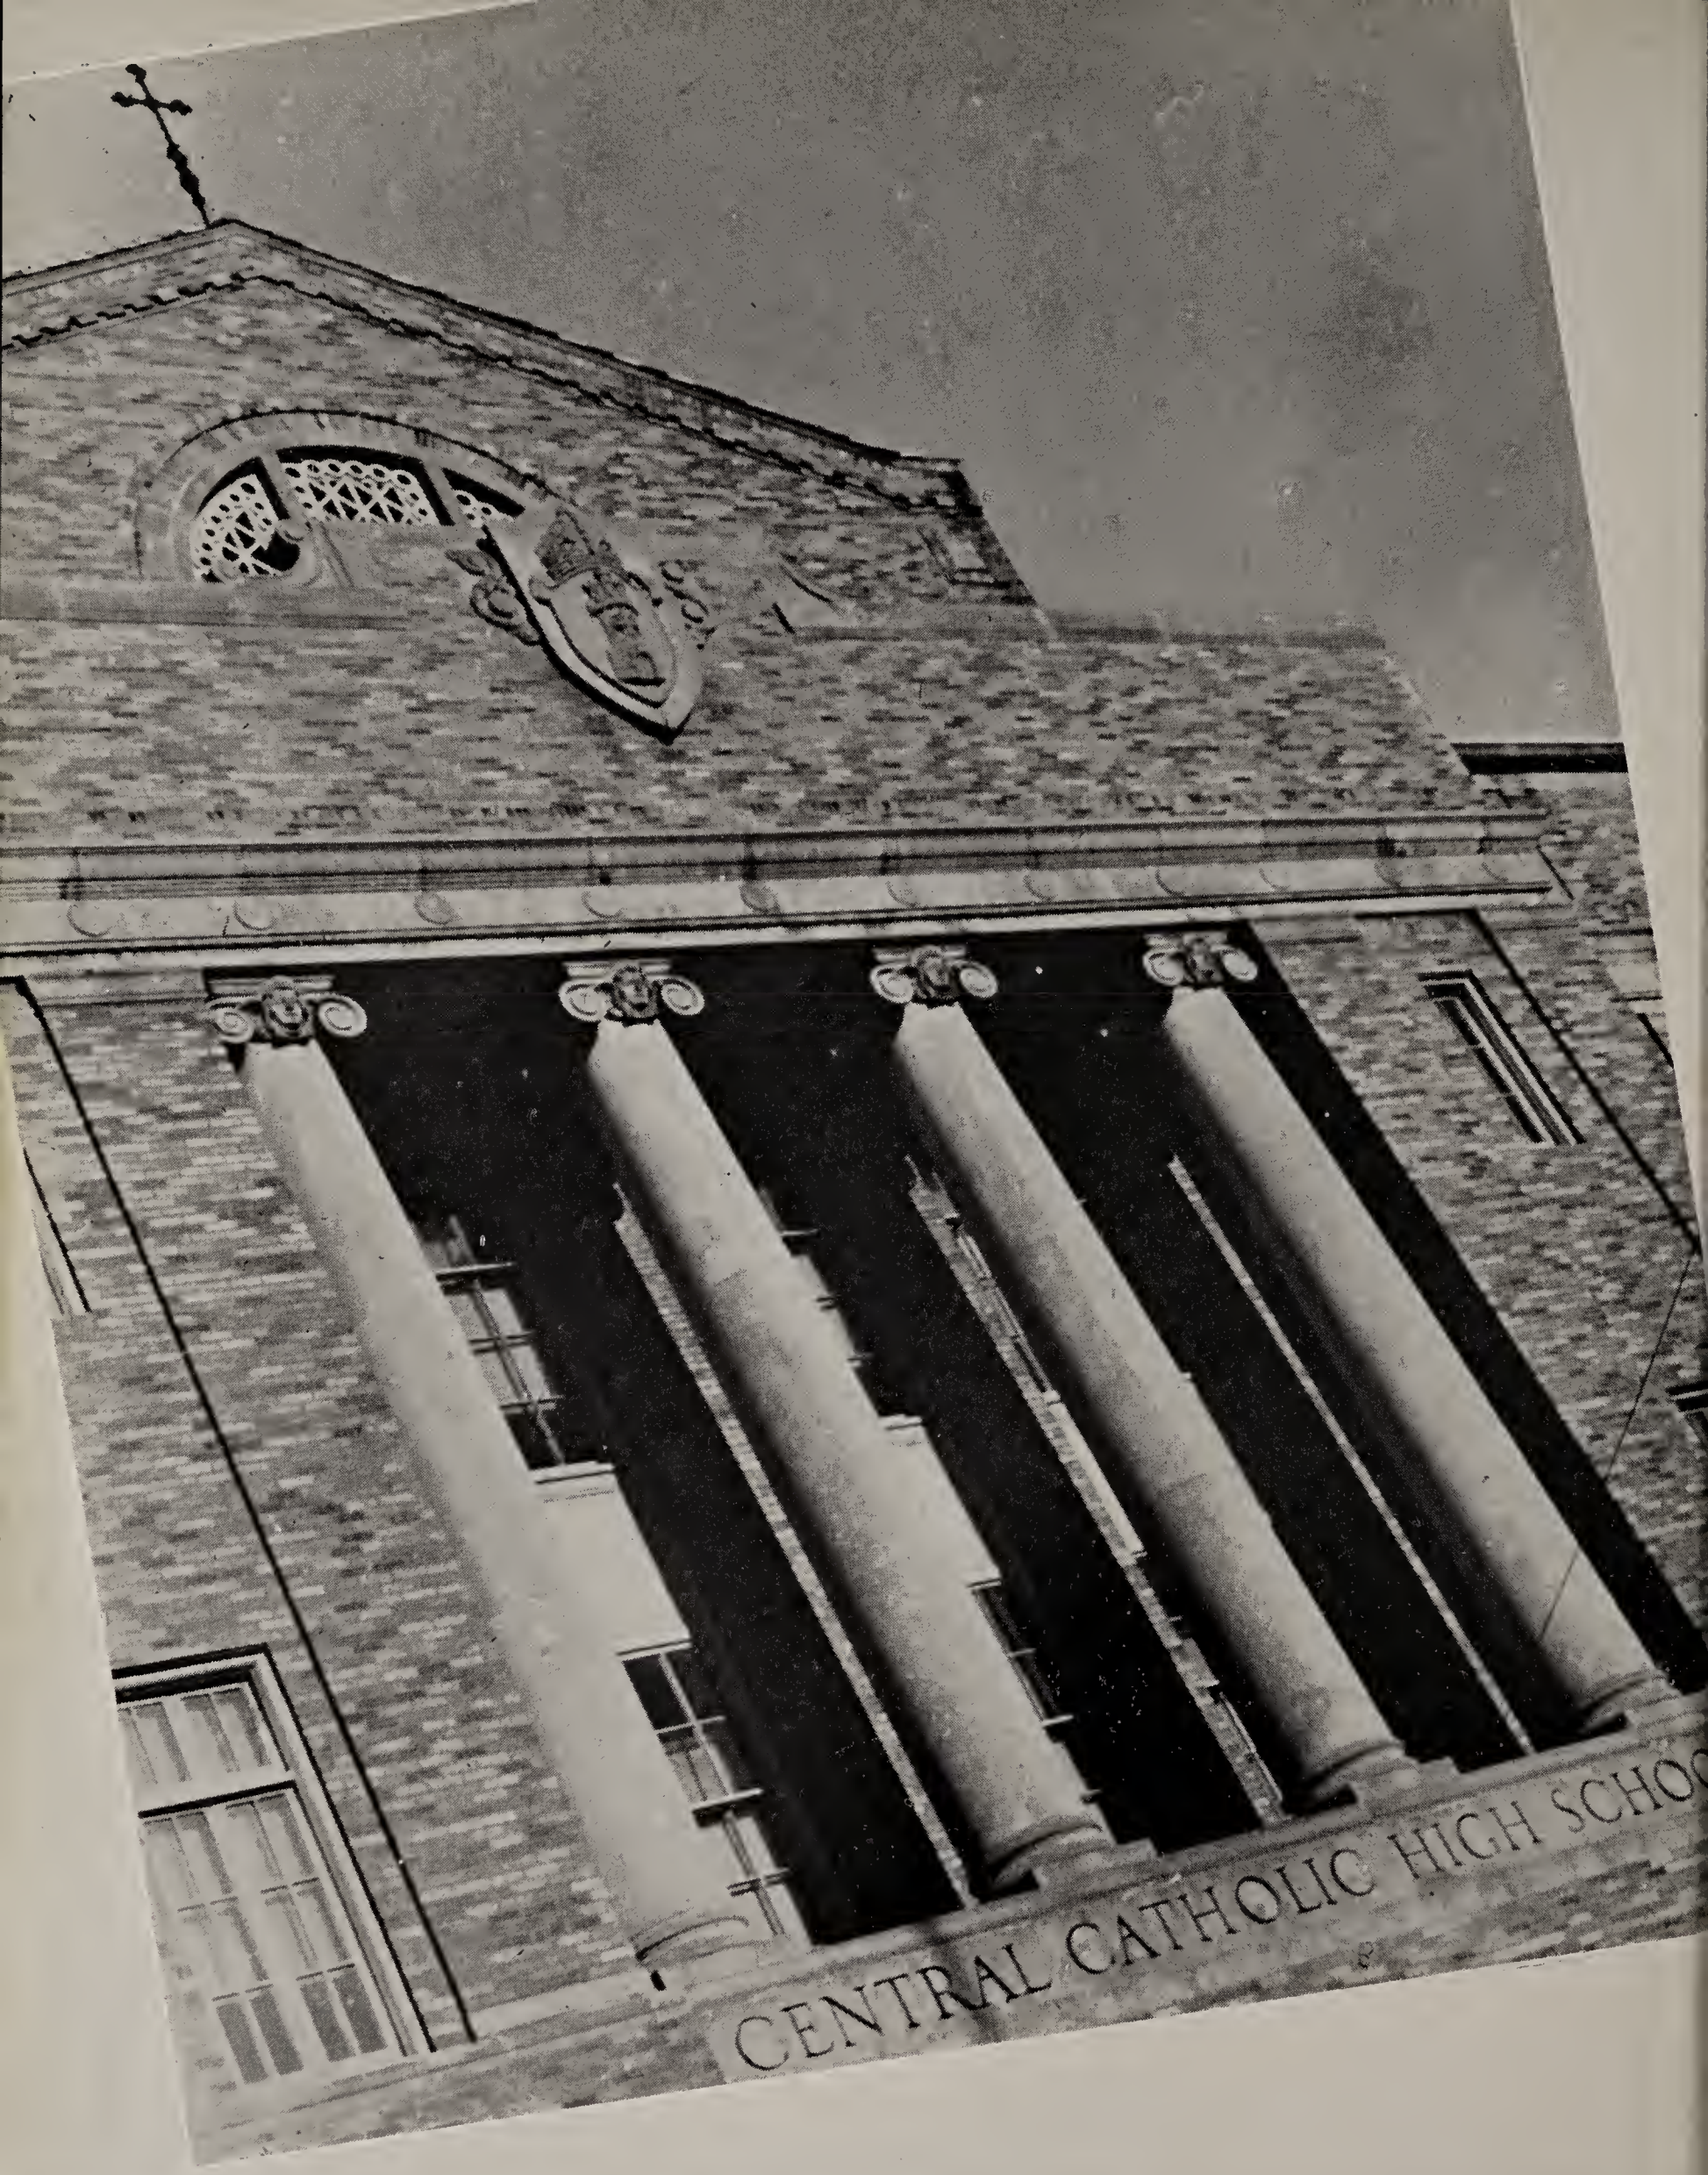
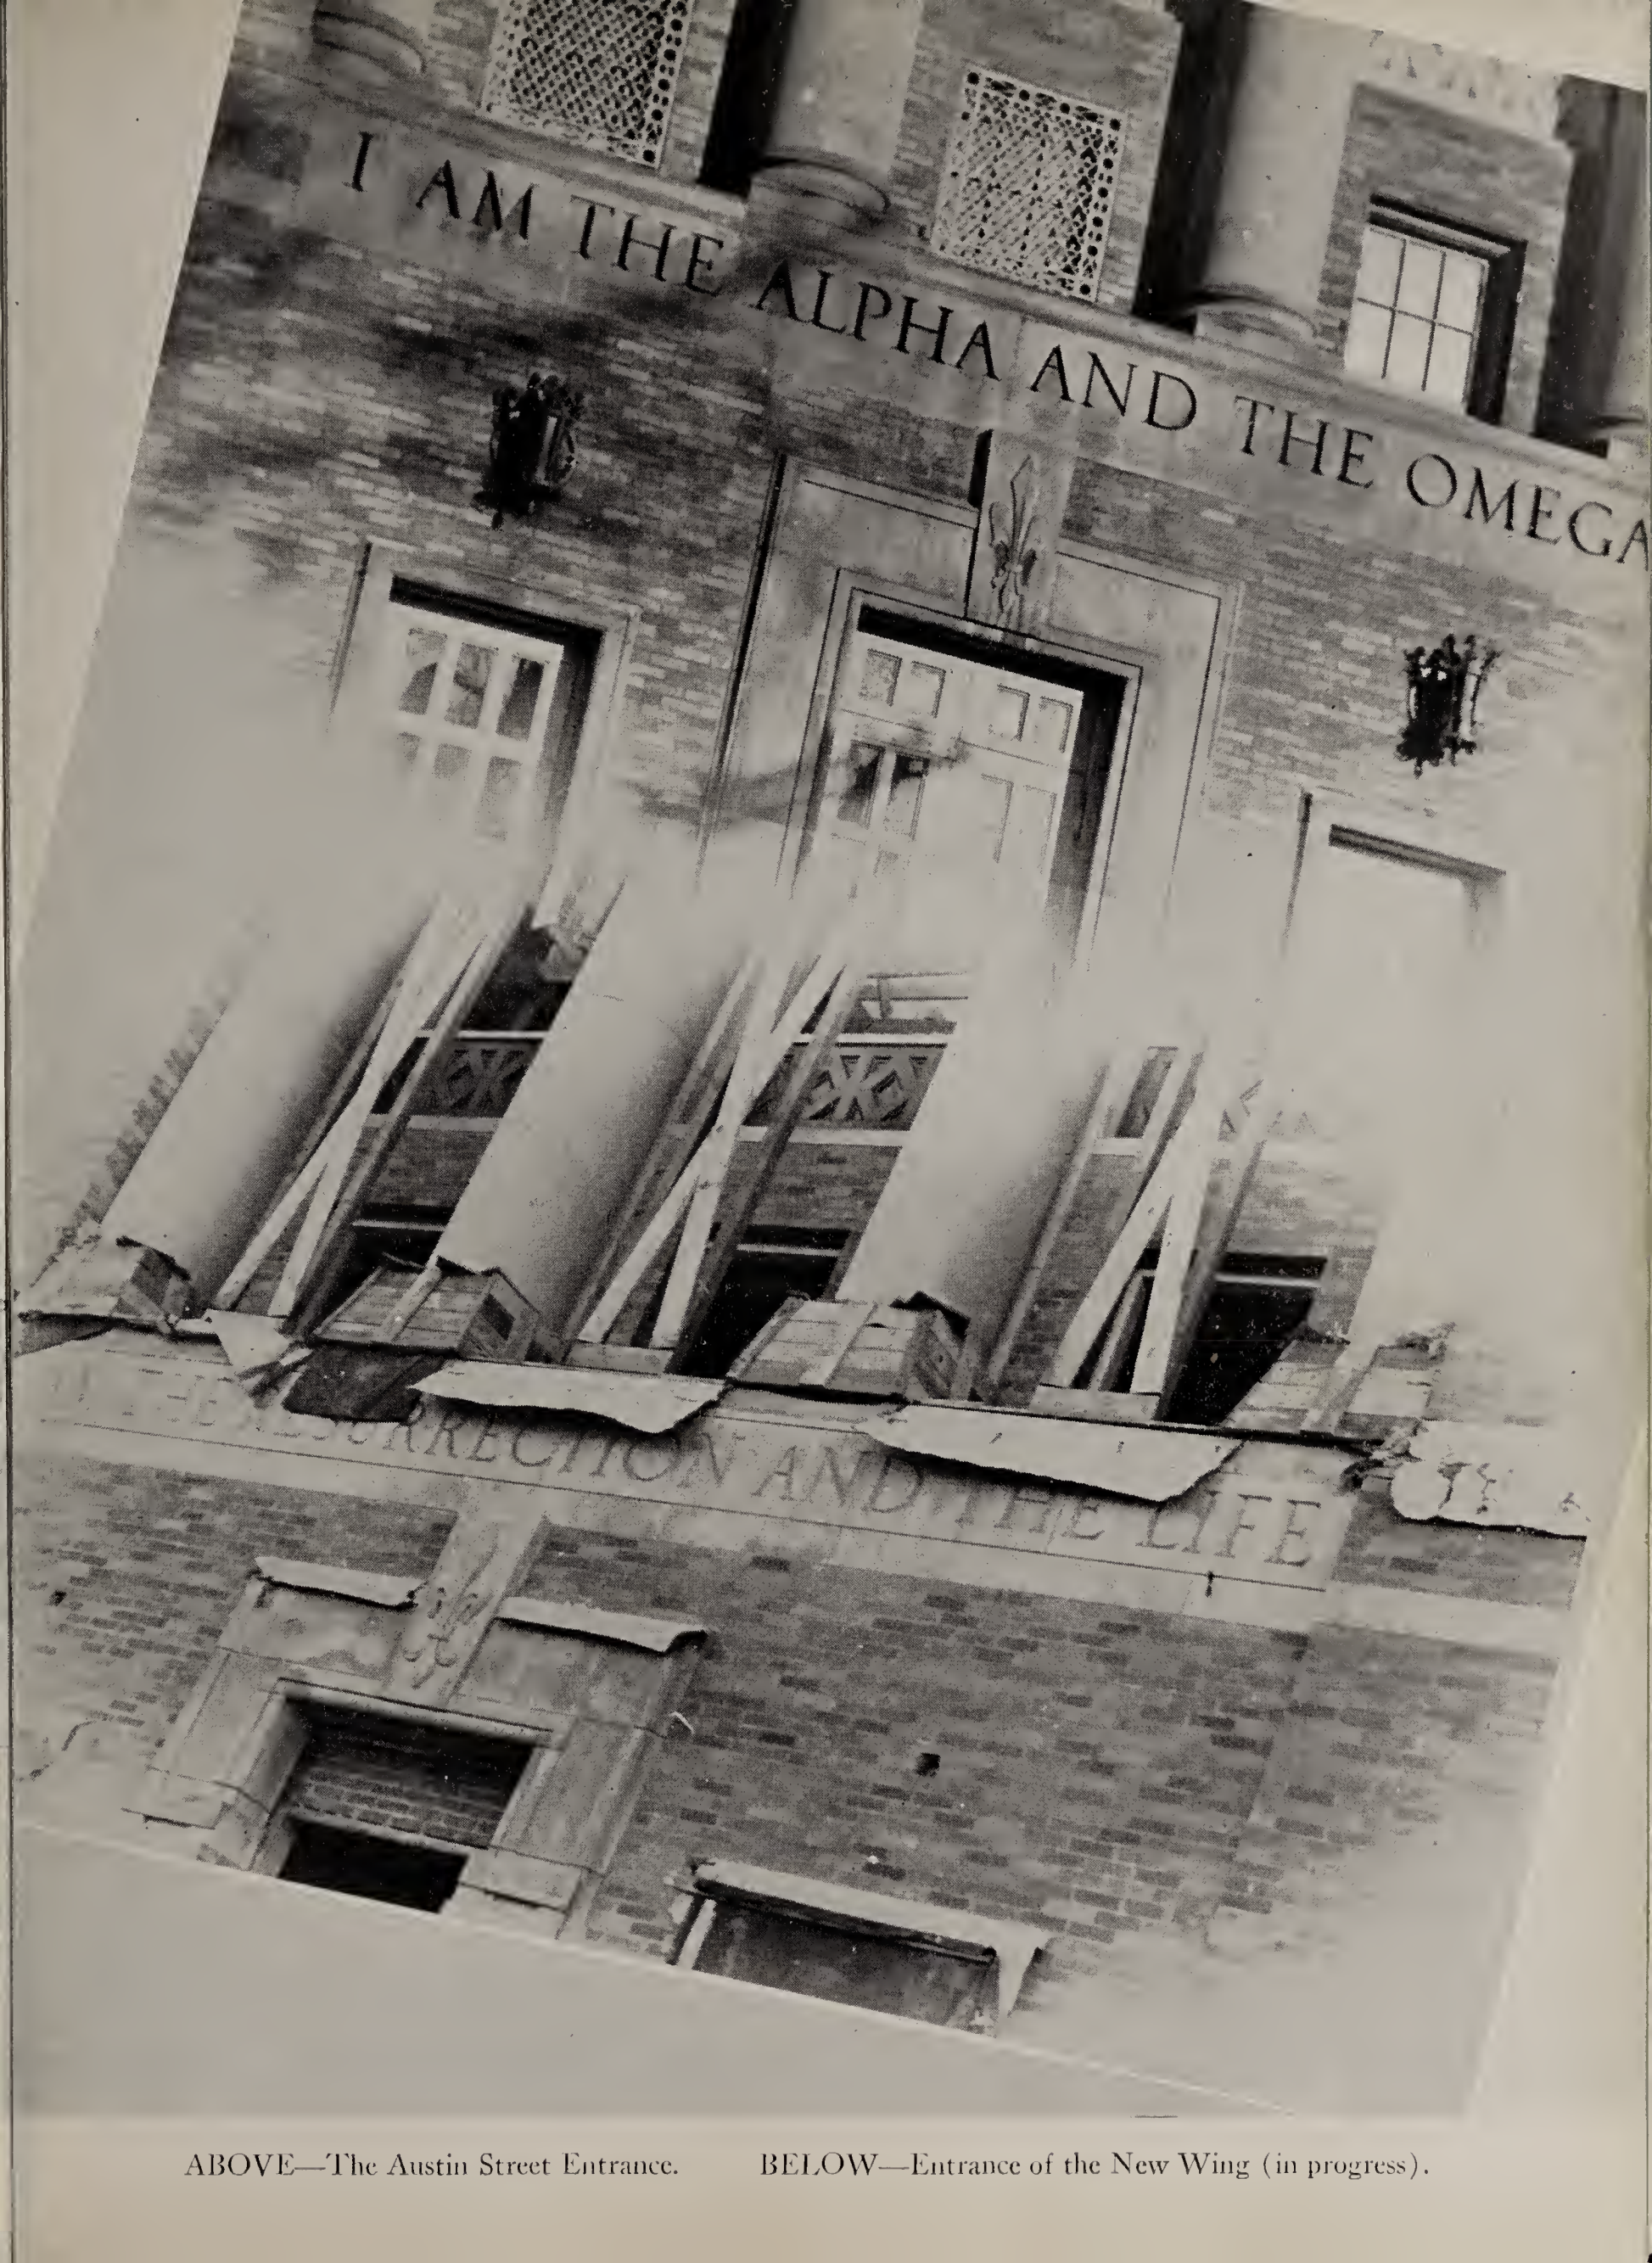
VOLUME 29



CENTRAL'S MAIN PORTAL — CHERRY STREET



ABOVE—The Austin Street Entrance. BELOW—Entrance of the New Wing (in progress).

Foreword

C.C.H.S. to the outsider stands for Central Catholic High School. But, to all true Centralites — faculty and students — our initials, in addition, embody four characteristic marks of a lover of Christ. For us these letters connotate Charity — or love of God and neighbor; Courage — the strength to meet and carry out the needs of a large Catholic coed high school; Honesty — fairness in every encounter with our fellowman; Sanctity — the grace to mirror Christ in ourselves and to encourage others to become His reflection.

Signed with the seal of Central we are set apart — not from our fellowmen — but for our fellowmen. Every class, every activity, every engagement met at Central has imprinted deeper into our characters these four letters so that we may step into a grossly materialistic world and make the presence of Christ felt.

As we watch a new wing aligning itself to the old we realize that the ideals implanted in us are soon to be offered to many more youth. They with us can say

"Build me straight, Oh worthy Master,
Strong and true a goodly vessel."

THE REVEREND JOHN L. HARRINGTON, A.M., S.T.B.
Principal

Father's vision of all the youth who will benefit by the "New Wing" brings eager anticipation.

Dedication

Eight years ago Bishop Alter appointed Father Harrington principal of Central Catholic High School. A more fitting choice could not have been made.

The spiritual and intellectual welfare of the student body have always been his primary concern and his ardent interest in the school has enabled Central to achieve an even more outstanding place among the high schools of the city.

His deep appreciation of the problems of youth has inspired the greatest confidence in him on the part of each individual student who has truly found in him the great qualities of both Father and Friend.

A new wing is now being constructed under his watchful eye. His desire to give Central's educational advantages to more of the youth of Toledo and the outlying districts will soon be materialized with the completion of this addition.

As students of Central Catholic High we hold him in highest esteem, and as the grateful recipients of the educational advantages he has striven to provide, we dedicate this, the 1949 Centripetal, to him.

Charity

Charity, signifies a love of God so intense and so complete that it excludes all for Him while at the same time loves all for His sake. This is the character which fills the hearts of the generous men and women — the administration and faculty of our school — who exemplify this first mark.

"The Students' word . . .

Delighted the Administration heard
For their hearts were in their work,
and the heart
Giveth grace unto every Art"

THE MOST REVEREND KARL J. ALTER, D.D., LL.D.
Bishop of Toledo

The plans for the "New Wing" envisions for his Excellency more Catholic youth under Catholic instruction.

THE REVEREND JOSEPH D. SHENK, A.M., B.S.E.
Assistant Principal

The "New Wing" may cause disciplinary problems for him but Fr. Shenk shows his fatherly smile as he awaits the youth of tomorrow.

"Till, after many a week, at length,

Wonderful for form and strength,

Sublime in its enormous bulk,
Loomed aloft the shadowy hulk!"

Courage

Courage. The value of this mark is soon realized by a CCHS student. Its necessity becomes apparent as the Centralite faces the daily classroom routine; obeys all rules; learns to co-operate with his fellow classmates. This accomplishment requires a courage which never allows him to give up and which grows stronger as the cherished goal of four years well spent draws nigh.

"Behold at last
Each tall and tapering lath
Is swung into its place"

YOUTH OF CENTRAL

(Inscription in Central's Lobby)

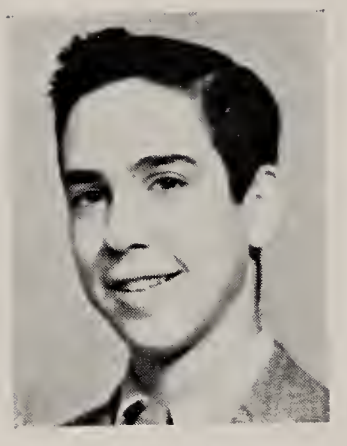
Youth of Central, lad or lass, learn here
The ways of wisdom, and unearth the hidden
Gems of truth. For wisdom keeps the gates
Of justice and defends the portals of
The saints, while truth is worthier than wealth
And mightier than armies in the field.
Delve here for truth, as for a treasure-trove,
Then, bind it to thy memory and lock
The casements of thy mind. To fear the Lord
But trims the lamp that leads to wisdom, and
Her ways are lovely ways and all her paths
Are peaceable. Then say to wisdom: Thou
Art mine, and when thou walkest let her go
With thee, and when thou sleepest let her watch
With thee, and when thou walkest talk with her,
And write her words upon the tablets of thy soul.

Rev. G. W. E. Dunne, Litt. D.

IN MEMORIAM

"We have loved them during life, let us not abandon them, until we have conducted them by our prayers into the house of the Lord."

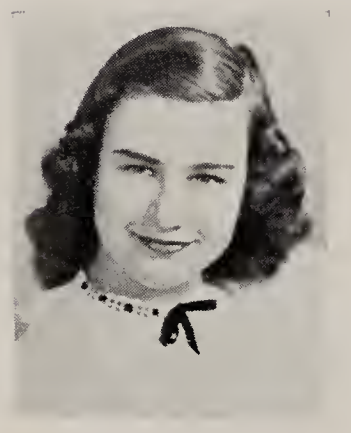
St. Ambrose



Theodore Mangas
Died August 2, 1948

THEODORE MANGAS — PARISH: ST. AGNES

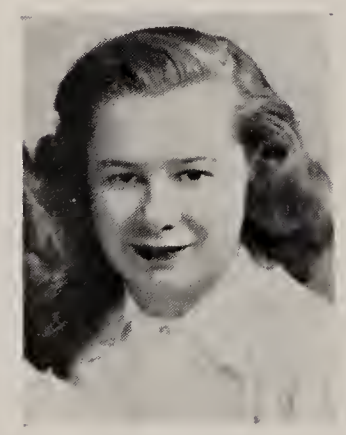
All who knew Theodore, or "Ted", as he preferred to be called, liked him. He was loved for his sterling character, his wit, and his untiring devotion to anything he undertook. As his classmates think back over his life only admirable traits come to mind. Ted desired to give himself to God as a Trappist following his graduation this June. God anticipated this wish and claimed him early for His own.



Barbara Nopper
Died June 28, 1948

BARBARA NOPPER — PARISH: ST. MARY

Barbara, like Ted, was taken suddenly from her classmates and friends. Those who associated with her, in fact all who knew her, loved her for her friendliness and thoughtfulness. During her three years at Central she, by her zeal in all activities, proved herself a true and loyal Centralite.



Marjorie Riley
Died June 28, 1948

MARJORIE RILEY — PARISH: GOOD SHEPHERD

The Master called Marjorie suddenly with her life-long friend Barbara. All who came in contact with Marjorie admired her for her fine disposition, humor, and loyalty. Always ready with a smile she was gifted with a rare personality that endeared her to all her acquaintances. Marjorie was keenly interested in all that pertained to Central.

Eternal rest grant unto them, O Lord, and let perpetual light shine upon them. May they rest in peace. Amen.

Religion

The religion course is a great force in the formation of the true Catholic Centralite. As an essential part of our education it is carried into every phase of the day's program. In this class we learn not only the principles of our religion but also how to apply this knowledge to our own lives.

The privilege of assisting at Holy Mass and receiving Holy Communion daily is offered to every student. An annual Retreat is scheduled for all, while a special Day of Recollection is set aside for the seniors. The many spiritual activities maintained throughout the year are climaxed by the May Convocation in the Spring.

English

Ability to recognize and use good English and the appreciation of fine literature are the points stressed in the English class. A three year requisite, this course offers the seniors a chance of either literature, public speaking or journalism.

A detailed study of American Literature is emphasized in the junior year while the English classics are stressed in the senior schedule. The ability to speak correctly and at ease is acquired in the public speaking classes, and the rudiments of newswriting are perfected in the journalism course.

Spanish

With the world conditions as they are today there is immediate need of peace among nations. Two effective means of acquiring this peace are knowing and understanding the religion and language of a country. As common worship of God brings about unity and harmony among people so common language makes for deeper understanding of the peoples using it.

Students of Spanish attempt to achieve a better understanding of the Spanish speaking world through a knowledge of this language. Along with familiarity with the tongue of the Central and South Americans will come a desire to know why they think and act as they do. This craving to understand others will strengthen the bonds of peace among nations.

As they say in Espanol . . . Manaña

French

"Une l'aventure." Truly the study of each language brings with it the spirit of adventure. This spirit leads the student of French into a new world filled with new peoples, new customs, new ideals, and new methods of national government.

Although the study of the language itself is the most important phase of the course, the singing of French songs, the reading of the French paper La Croisade, and the enjoyment of French plays help the students understand the French and their mode of life.

French paper proves interesting in Sr. Carmelita class, eh Florence?

German

Besides learning to read and write German, the students study the customs, geography of the area, historical places, famous cathedrals, industries, natural resources, and the various forms of the country's recreation. They try to acquire a sympathetic understanding of the culture and of the ideals of these people who have suffered so much from World War II.

Since music is considered the basic art of Germany, the students spend many periods studying and enjoying the various folk songs of this people.

Now wasn't that simple!

Nothing uninteresting here, according to Rosie.

Latin

The enthusiastic acceptance of the study and work in Latin is due in no small measure to the ideals placed before the students in their approach to the subject. The thought of the holy priesthood, the medical doctor, pharmaceutical work, law and other vocations open to them avenues and ideals for which to strive.

Yearly, in March, Central Catholic High enters the National Competitive Contest sponsored by the Association for the Promotion of the Study of Latin and every student of Latin participates. This contest is on the approved list of National Contests by the National Association of Secondary School Principals.

Every student participating in this contest can become a medal winner, provided he merits 116 to 120 points in the test which has a maximum of 120 points. For every three medals earned by individual students, the school is presented with a trophy. Last year Central Catholic High School had six Medal Winners; one senior, two juniors and three sophomores.

That's the one.

Library

From early morn 'til late at night there is one room in the school that is truly a busy place. During the school year, Central's library is a veritable storehouse of information from which the student body draws aid for daily assignments, research papers and also enjoyable leisure moment reading.

The upperclassment find it an oasis of knowledge in a desert of ignorance when the formal essay, the history contest or the book

review looms on the horizon.

To the sophomores and freshmen this room reveals the secrets of library science. The importance of call numbers, the card catalogue, the encyclopedias, the readers guides are soon mastered by these students.

The magazines, pamphlets and books housed in the library offer much help to the faculty as well as to the student body.

History

History, "the record of how well or how ill man has obeyed God," acquaints the student with those facets of world development that have effected modern civilization. He studies the fortes, the weaknesses, the reknown, the infamous, the successful, and the defeated.

Courses offered at Central cover ancient, medieval, and modern European history, American history, sociology, economics, and national problems. A careful study of these gives the students the background necessary to interpret intelligently the developments in today's chaotic world and to discern their causes.

Honor was brought to the history department by Jo Allyn Walczak, a freshman, who won first prize in the Elks' contest and Ardis Carr, a senior, who merited the "History Teachers' Club Medal" in the University of Notre Dame contest.

Girls' Art

Art is the development of an appreciation for the beautiful and the acquiring of the powers to produce the beautiful.

The department offers a complete four years course in design, free hand drawing, composition, color theory, illustration, dress design, oil and watercolor painting, lettering, needle work, weaving, clay modeling, metal work, and etching.

The stage settings for senior plays and operettas, as well as for this year's "Chimes of Normandy," were constructed and painted by the Junior and Senior girls of this department.

Boys' Art

The Boys' Art Department offers a complete four year course in theory of color, principle or design, and lays a good foundation in the commercial field.

Techniques taught in this course are water color, pen and ink, pastels, and oil painting, Such courses as wood carving, metal-craft, model-building, and leather-crafts are also taught.

The latest edition to this department is the making of Walt Disney plaques for children's room and Hospital Pediatrics. Another interesting project is the molding of ash trays, holy water fonts, and cups and saucers out of clay.

A course in photography is offered in which every phase of the subject is explained.

"Just put a touch here—that'll do it."

Practically the same aren't they?
Is this what we made?
Architecture can be fun.

This'll do the trick.
Messy isn't it?
We agree, Sister.

Hey Art—that's moldy!
Hard at work.
Isn't that nice?

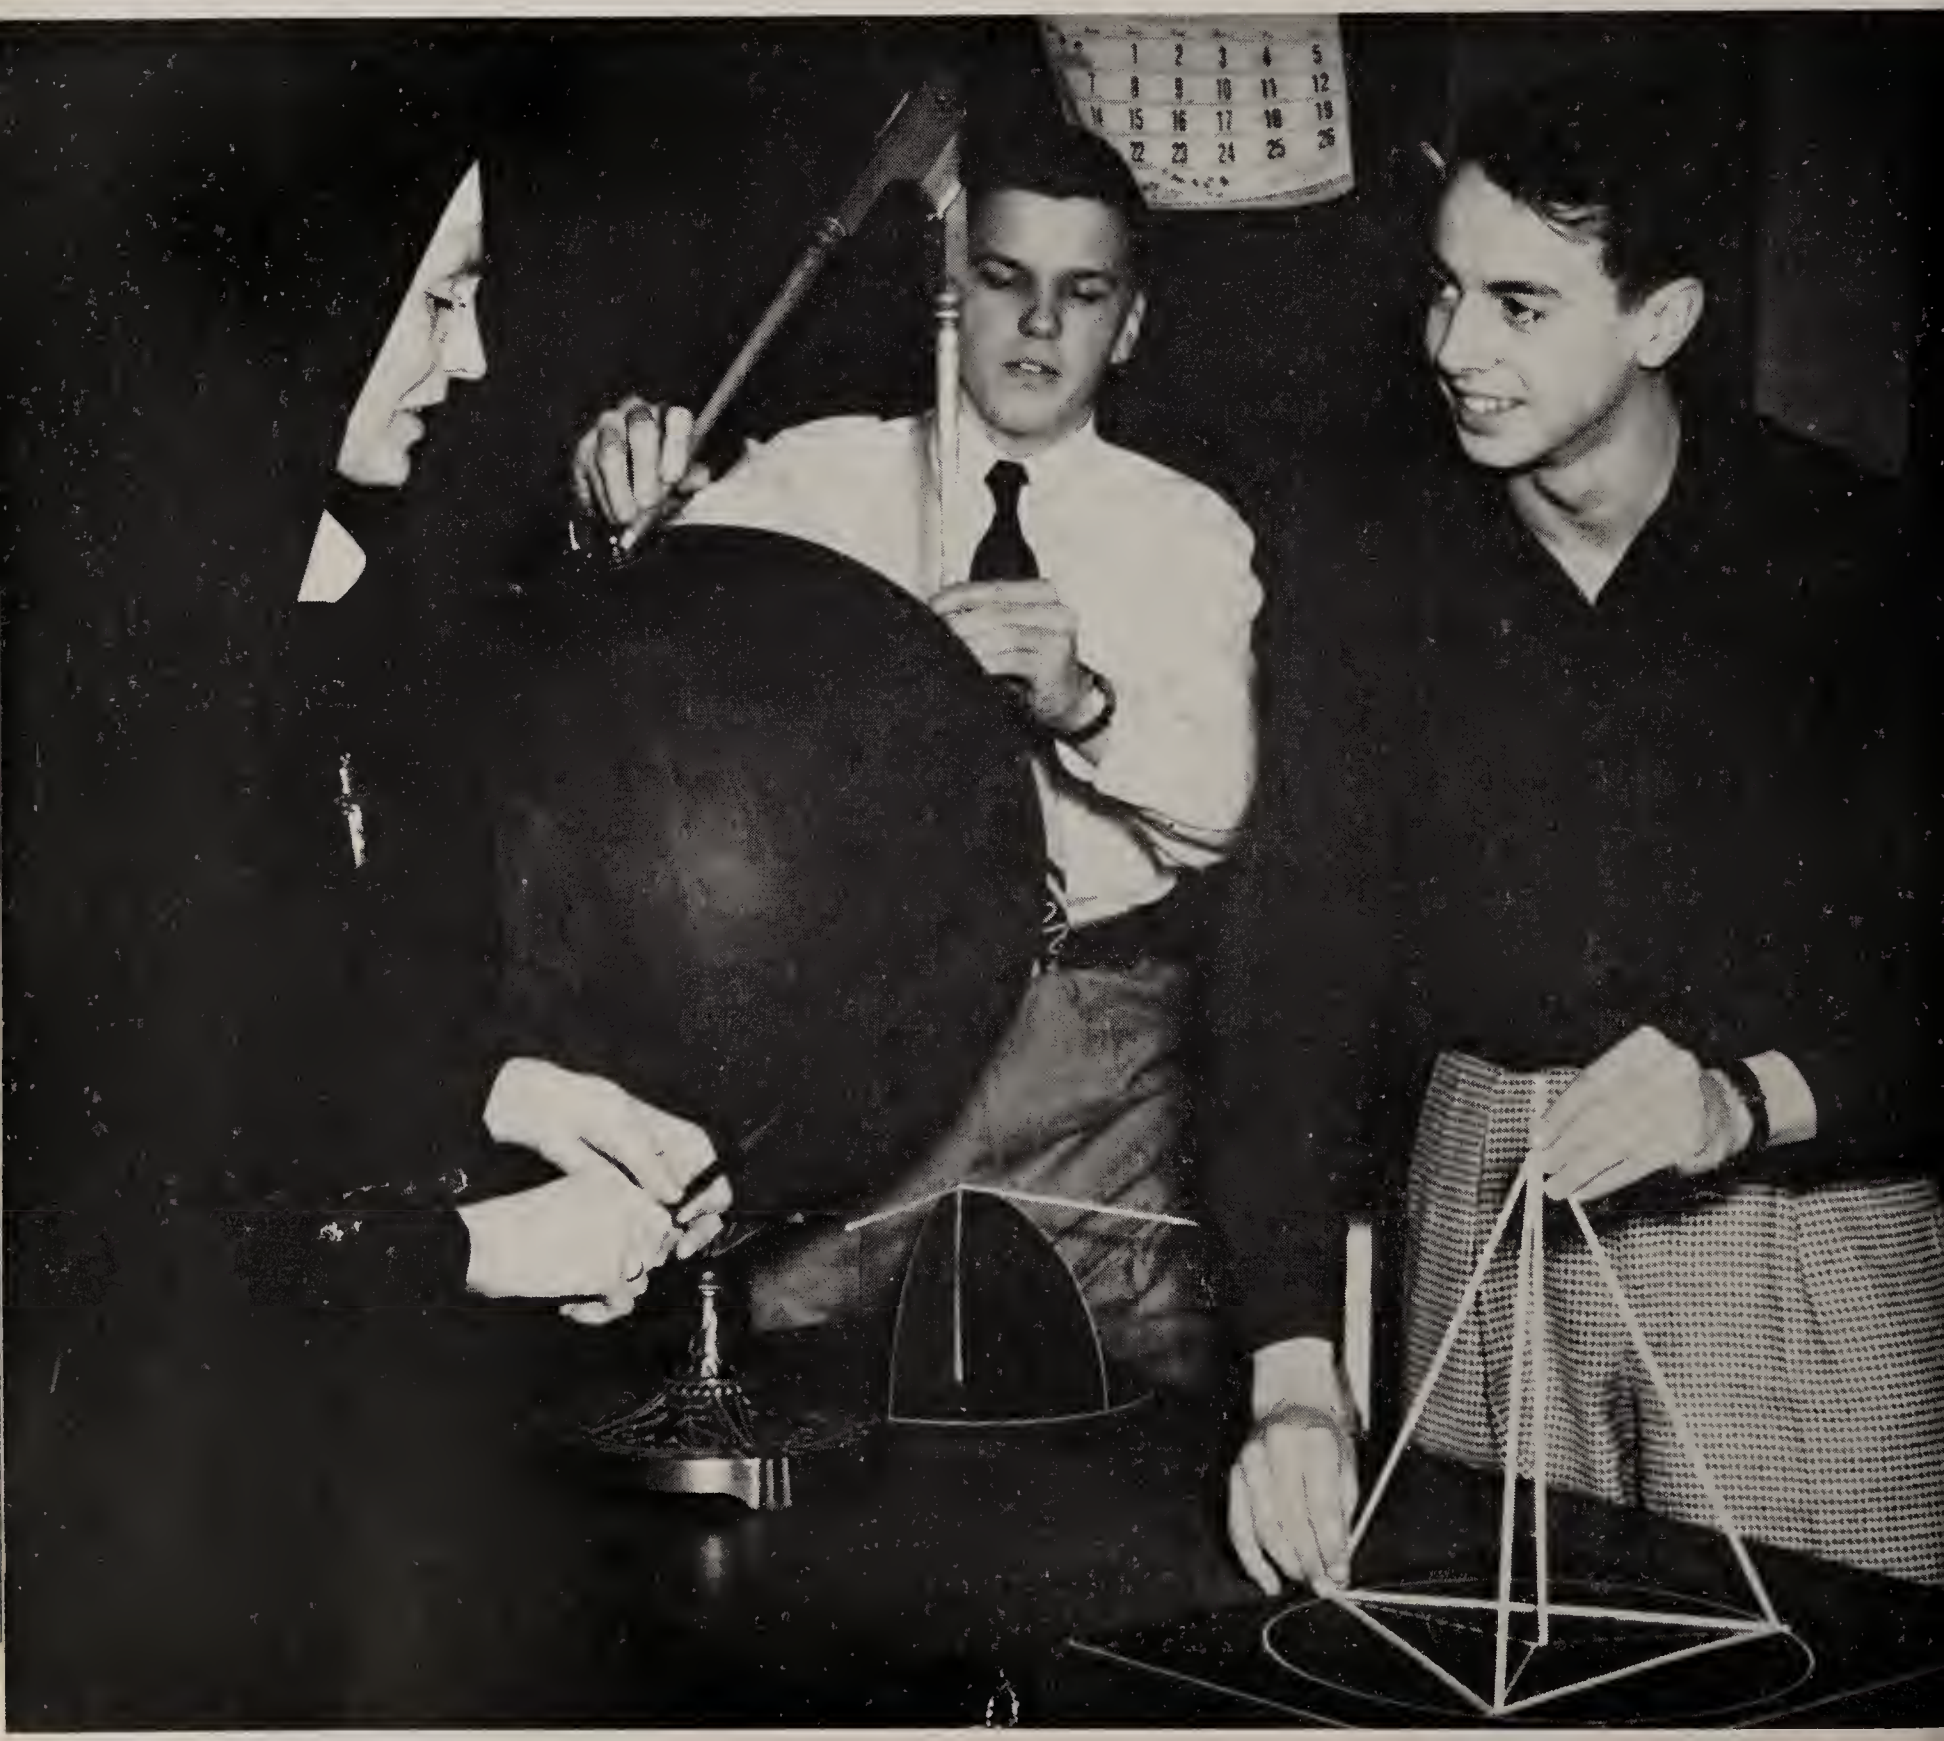
Mathematics

In this, the era of science, the department of mathematics furnishes instructions in the most fundamental and basic science.

Through the four year course given at Central the math student progresses from the fundamentals of first year algebra and plane geometry to the more extensive advanced algebra, solid geometry, and trigonometry.

He, moreover, acquires, though he may not realize it at first, the ability to think logically, a result of his daily practice in carrying a given datum to an inevitable conclusion.

Thus, mathematics instills the student with both a practical and a somewhat intangible but useful education.



John Christ, Thomas Mulvihill, tell Sr. Constantia it's a bit confusing.

Mathematics

Geometry has many angles . . .
Think hard, now.

What's the difficulty, Sister?
Let it snow, let it snow.

General Science

General Science offers the student a preview of the major sciences taught here at Central. A combination of Biology, Physiology, Physics, and Chemistry, it is the roadway and framework of understanding of scientific principles and methods.

Blow Gabriel, blow.

Enough of this "fowl" talk.
Handy little thing, isn't it?
Corn on the cob?

What's on the menu, butterflies?
"Eel" shock you.
No, silly, it doesn't give milk.
Watch that meat hook.

Biology

Biology students can well appreciate the meaning of the verses of the Canticle, "All the works of the Lord, bless the Lord, praise and exalt Him above all forever." Their varied experiences in the classroom laboratory and field work are designed to give a wider knowledge of God's creations, the world and man. Scientific attitudes and appreciations of the good and beautiful in life are fostered.

Physiology

The purpose of the course is to help each student to develop an increasing sense of personal responsibility for the health of the community as well as for his own well-being. It aims to develop a correct approach to scientific thinking and problems of life, to familiarize him with the facts of nature and to provide him with a great wealth of information and proper attitudes that will make for better and healthier living.

The inside story

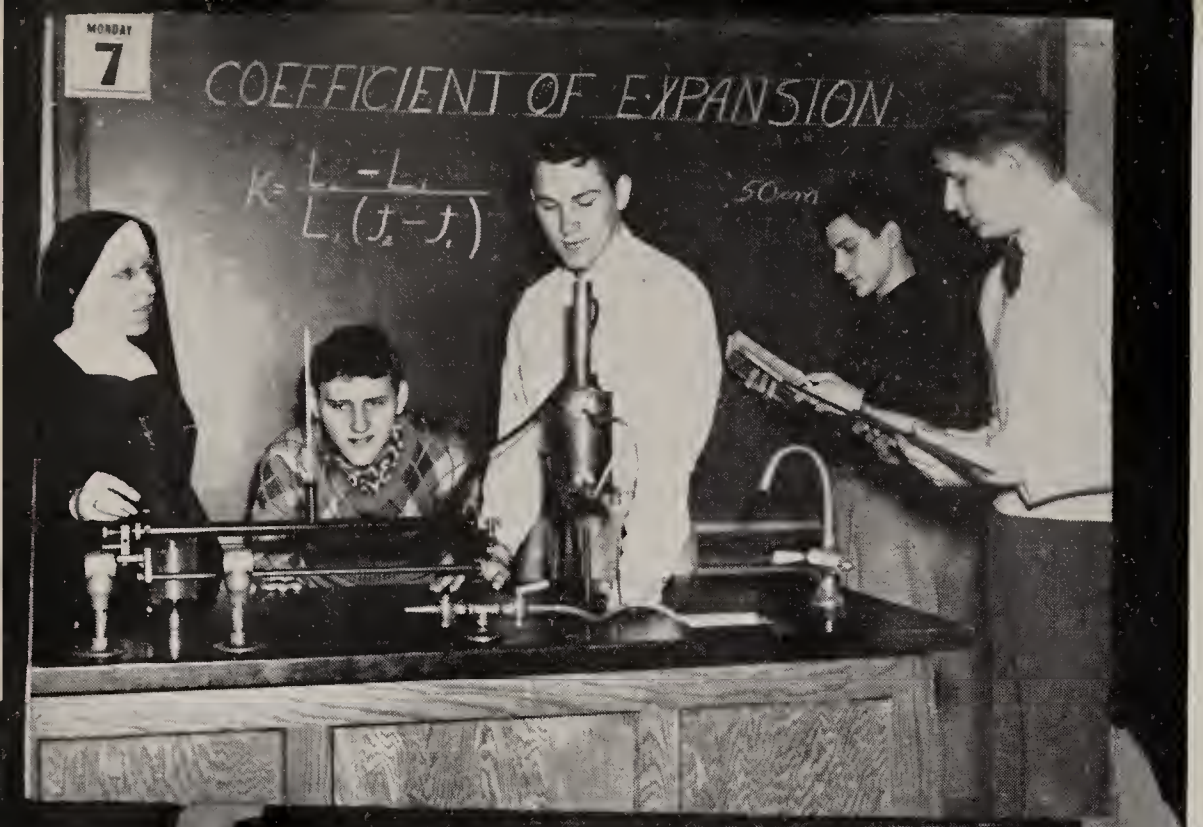
George knows all the answers
Now you know what a brain is, Bill!

Nursing

Room 312, Sr. M. Irene's domicile, is a much visited habitat. No matter how important nor how insignificant the complaint all clients receive sympathetic and helpful aid from the school nurse.

Besides caring for the aches and pains of the nineteen hundred students, Sister conducts, every year, personal interviews and check-ups with the freshmen and new students at Central.

Getting the facts.
So big!
Accident?
Take two; they're small.



Physics

This subject covers all the forms of energy; mechanical, electrical, heat, light, sound. Again the student is brought to a greater realization of the importance of experiment. Physics teaches the student the every day principle of every day problems and their solution. The natural physical laws and what they govern are studied. Not only is the basic information taught but its application to modern living stressed.

Hot stuff coming up.

Practical Work.

Just checking, Dick?

Watch 'er "Boyle."

Chemistry

Here the student attempts to uncover the secrets of God's elements by the scientific method. Chemistry offers the student a highly interesting approach to the wonders of nature with the stress on experiment. Although the progress of science moves swiftly this subject maintains a rapid pace, covering atomic reactions, new industrial methods, organic and inorganic phases of a comparatively new science, Chemistry. Here too, the fundamentals, the properties, the uses, the importance of the basic matter (elements) are studied.

Future chemists at work?
Look out Richard. It might explode!

Hold it steady . . .
Thanks a lot, Sister.
Isn't that interesting.
"50 grams—That's about it."

Drafting

The Mechanical Drawing Department at Central Catholic High School, under the spiritual and technical direction of Dr. G. W. E. Dunne and Fr. A. T. Schmidt, offers to the ambitious student the most complete course for a career in the exacting science.

The freshman year, descriptive geometry, orthographic projection, surface development and the various types of perspective are mastered.

The slide rule and its intricate functions are taught in the

sophomore year, along with machine detail, gearing and cam design.

With these fundamentals the junior applies himself to a project, perhaps an airplane, an automobile or the various types combustion motors.

The final year is devoted to the study of civil engineering. Combining his mastery of trigonometry and drafting, the senior gathers his data from the field and then computes the required distances, areas, or volumes, and draws his problem to scale.

Without a doubt the drafting department of Central Catholic High School is unparalleled by any other high school in the country.

Getting the answers.
Learning the business.

"Swearing in" the public.
Must be interesting?

Commercial

"Accuracy, speed, and production" is the often repeated slogan of the Commercial Department as it prepares students to meet the requirements of the business world.

In Office Practice, training is given in the use of ediphone, electric typewriter, listing machine, and calculators.

Bookkeeping students are taught the fundamentals of accounting together with duties required by business.

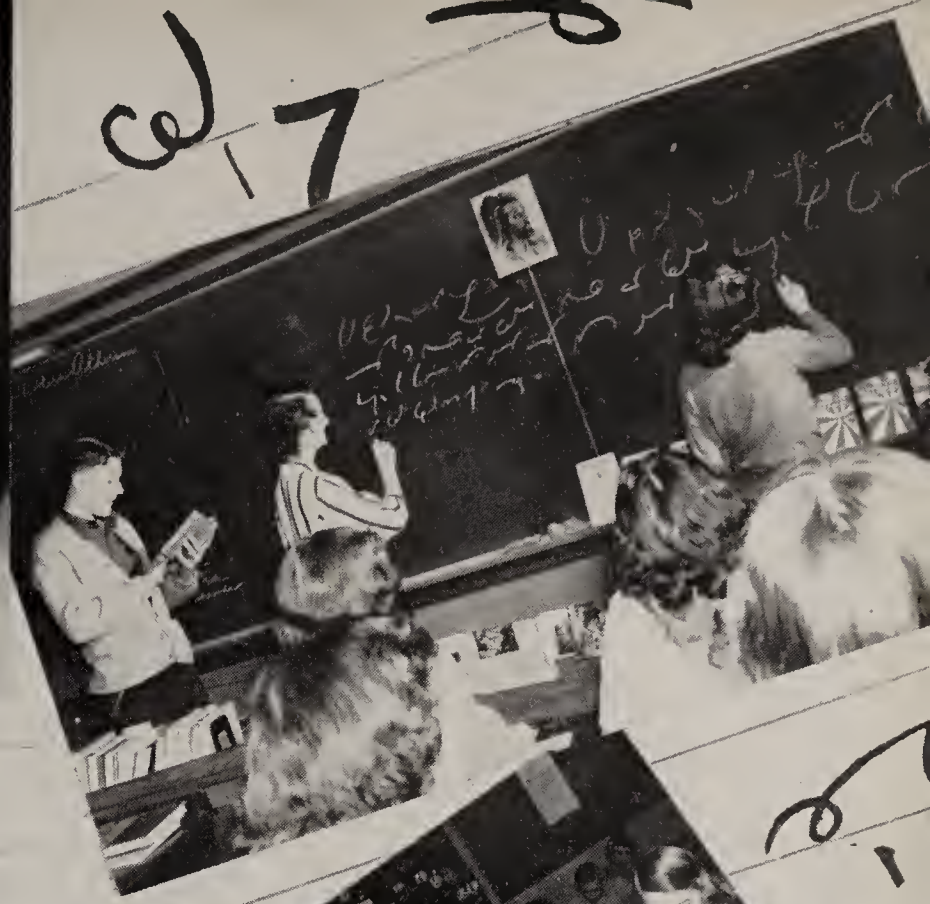
In first year typing, mastery of the keyboard is emphasized, while in the second year the fine points of job technique are stressed.

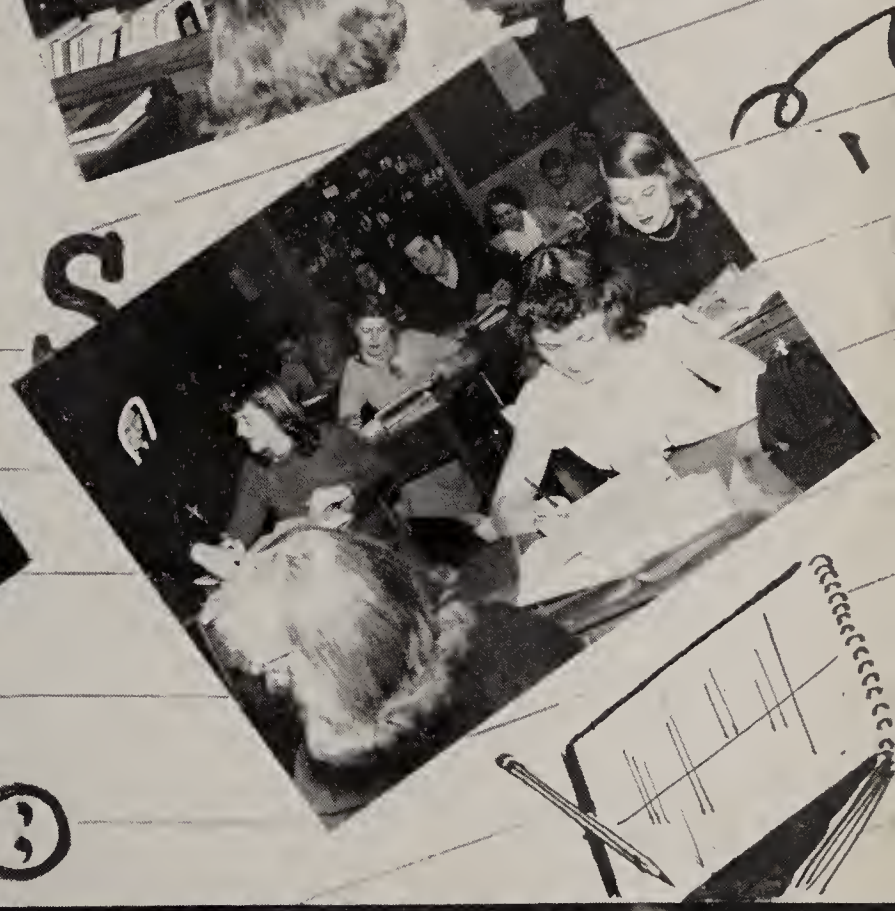
The aim of the shorthand classes is rapid reading, perfect penmanship, the building of the transcription rate and phrasing.

The study of commercial law stimulates the interest of the students in everyday personal, social, and business application of law.

Commercial Georgraphy enables the students to carry out the activities of government in meeting the problems of national, state, and local welfare.

Civics develops an understanding of current events and problems and encourages sound social attitudes and impressions.





Do it this way, girls.

We're handy with stitches.
Don't burn it.
Make it fancy, now.

Home Economics

"Education must take the future into account, but it should prepare for the future by teaching how to live a rich life in the present." This is a motto which those students who take Home Economics constantly practice.

These Centralites become acquainted with food nutrition, clothing and good grooming, homemaking, homefurnishing, home nursing, family and social relationship.

Leisure time activities are stressed and students learning this course are capable of using this time for helpful recreational purposes. Forming good habits is also stimulated in the minds of these pupils.

Homemaking is definitely taught, and everyone should know that the clues to successful living are truthfulness, honesty, fair play, cooperation, self control, charity, courtesy, and creative thinking.

Honesty

Honesty, the third mark, is linked with sports. This character letter marks the student as an honest law-abiding citizen. Where but on the gridiron, the basketball floor, the bleachers is this idea of fair play and justice — the ability to win humbly and lose graciously — better learned? Participation in sports affords one of the simplest means of acquiring the imprint of the seal of honesty.

"Here together shall combine

A goodly frame, and a goodly fame,
And 'Central' be her name."

SPORTS

Coach Bondy Coach McCarty Coach O'Rourke

COACH PATRICK McCARTY
ATHLETIC DIRECTOR AND HEAD FOOTBALL COACH

Mr. McCarty directed the Irish to one of the most successful years in Central's history. This year marked Mr. McCarty's fifth at the helm of Irish sports and it proved to be a fruitful one. The basketball team was state runner-up and his football team won seven out of ten games against some of State's best elevens.

COACH LAWRENCE BONDY — BASKETBALL COACH

Little needs to be said concerning the accomplishments of Mr. Bondy. Each year his teams are getting better. In his first year as basketball mentor, the Irish captured the City runner-up crown. Last year his charges were Regional Runners-Up and this year *State Runners-Up*. What next, little man?

COACH PAUL O'ROURKE — FRESHMAN MENTOR

Mr. O'Rourke, a 1938 graduate of Central, has been freshman football and basketball coach for three years.

In 1937 he played on Central's championship basketball team. From Central he enrolled at Dayton University where he played tackle. In the 1942 season he was on the Dayton team that won eight of ten games.

Here at Central, as freshman coach, he has had two city champs in football and his basketball team has never been below third place in city standings.

JOE KWIATKOWSKI — All City (second string). Joe specialized in blocking kicks and recovering fumbles. His fighting spirit and tricky play against his bigger opponents served as an inspiration to his teammates.

DONALD DARTT—There are no complaints against Don, who fought every minute for his team. His accuracy in centering the ball was great, as was also his sense of humor.

JOHN RASTER—All City (second string). Much may be said about our "Most Valuable Player." His duties of a blocking quarterback were the most ably performed in the city.

RONALD KAMINSKI — Fast and fearless Ronnie will be a great loss to the Irish next year. His end-runs were good for many a touchdown.

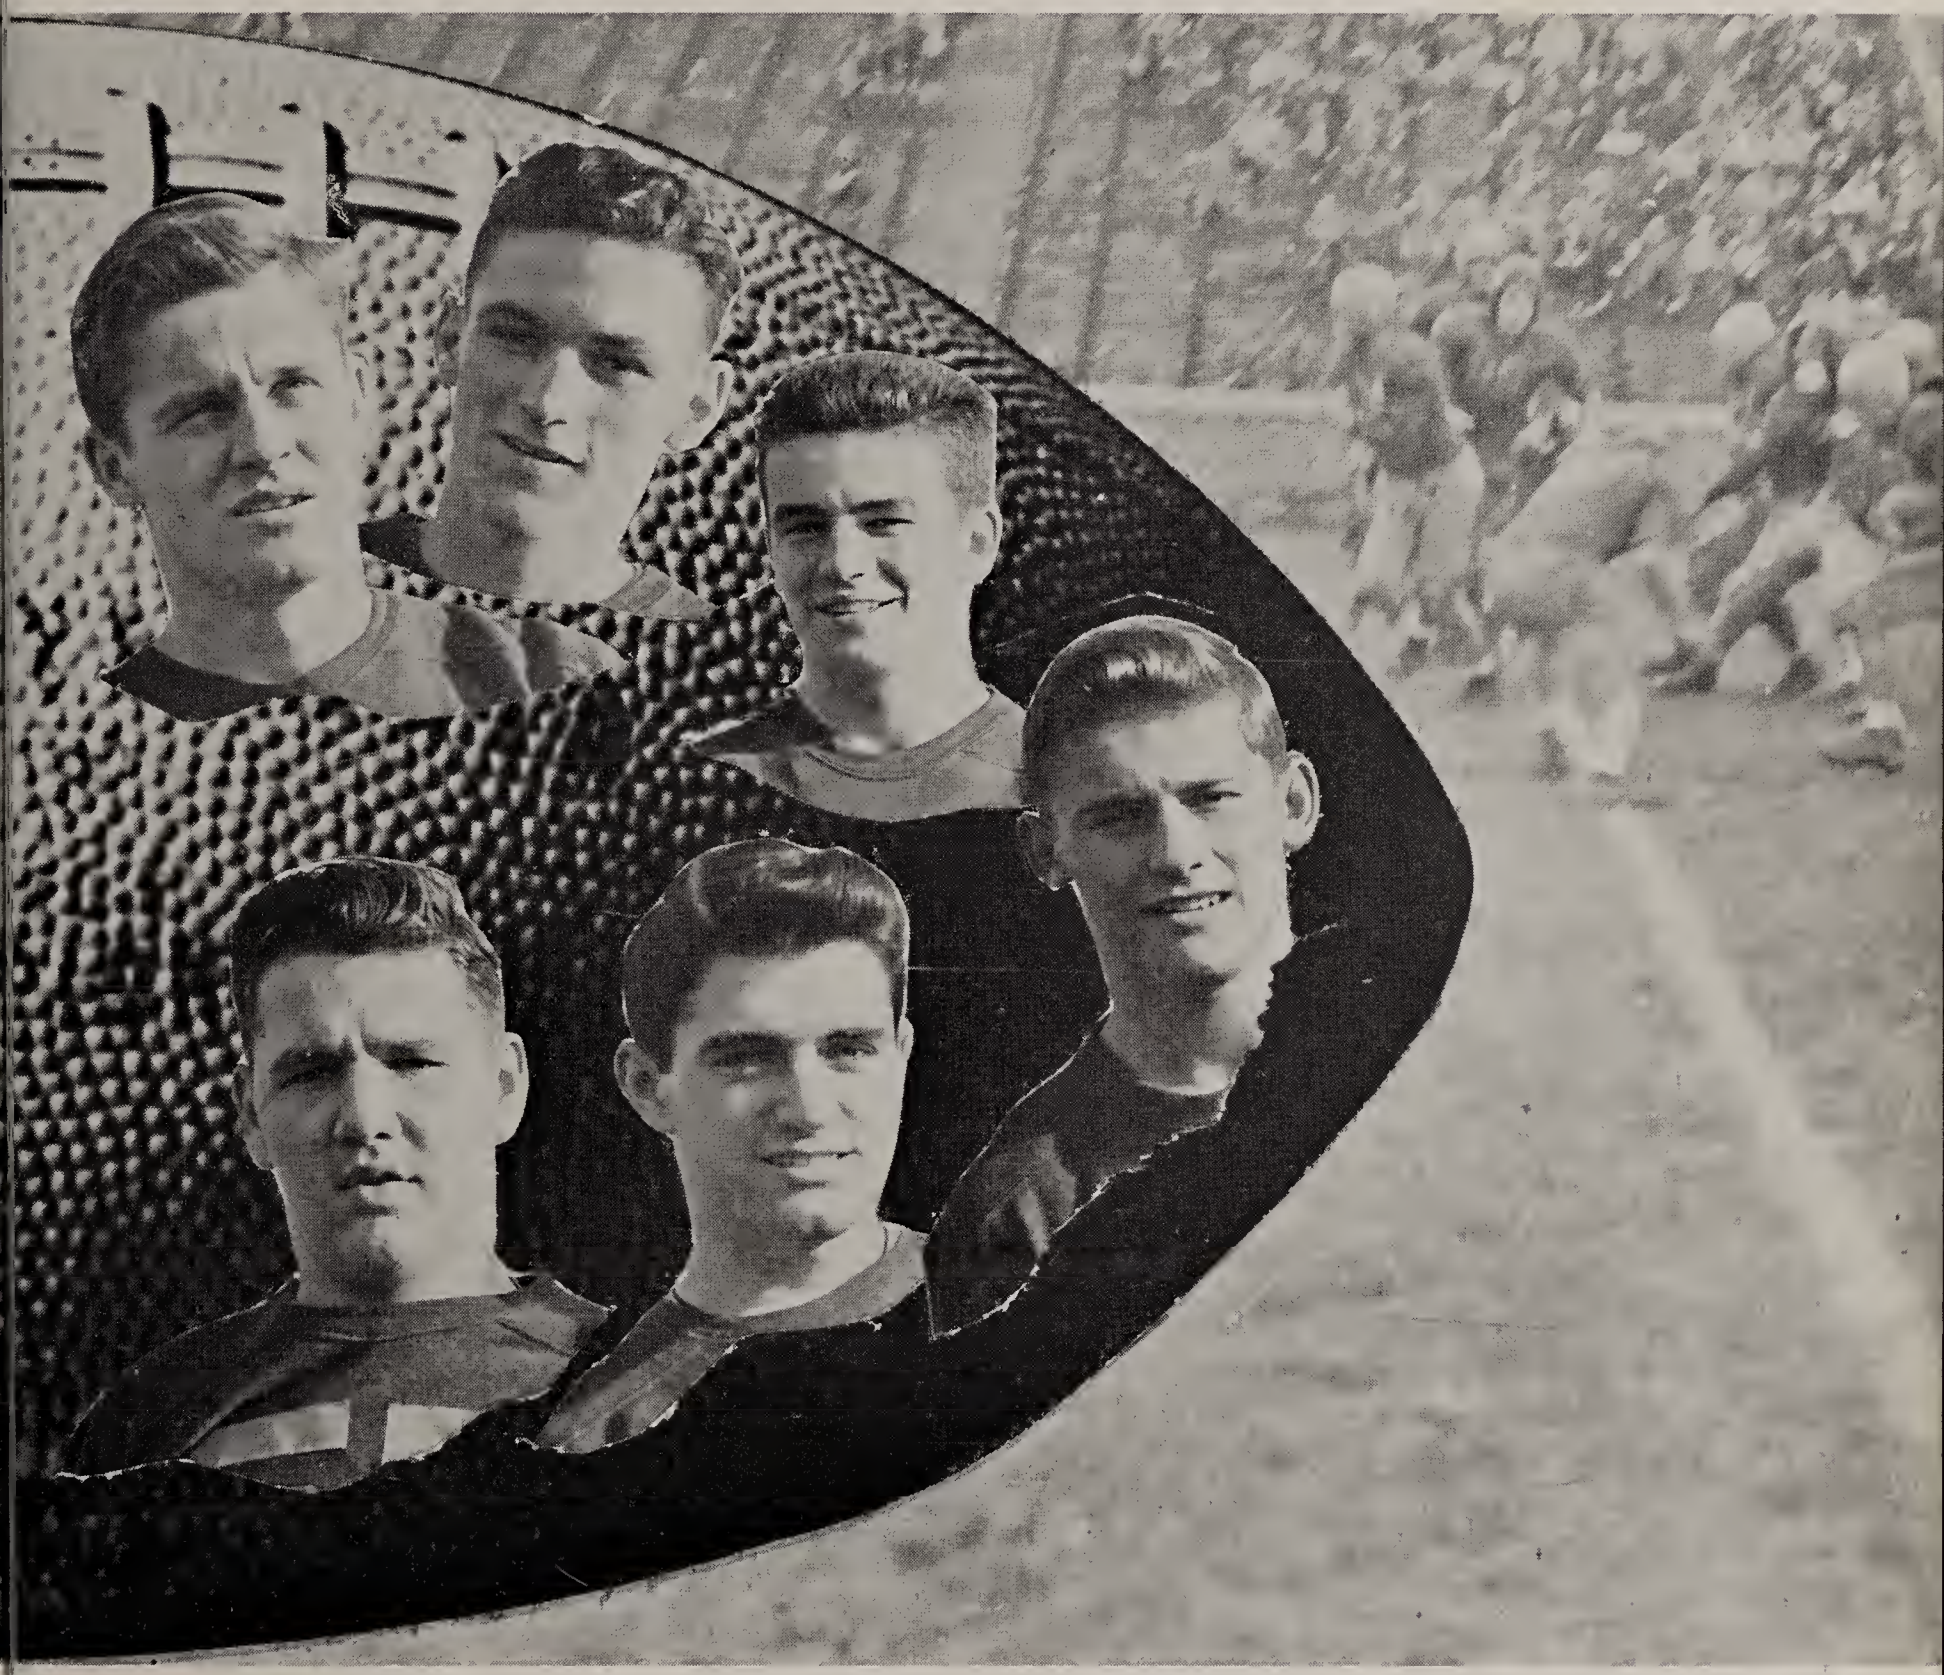
JOHN INCORVAIA—Combining his size with his ability at the tackle spot made this sophomore hard to stop.

HUGH EHRSAM—Hugh was handicapped by his size, but always gave his best. His desire to win made him a good quarterback.

TOM McHUGH—This burly fullback plowed his way through many opponents' line to come through when the going was tough. "Olaf" will return next year to aid the Irish backfield.

PATRICK MOORE—Due to injuries to Pat's leg he was unable to play the entire season. There will be great expectations of him next year.

JOHN STOEPLER—John lived up to all expectations of a good player for he came through with a strong, powerful type of ball playing in his guard position.



DAN FARBROTHER—Dan's magic toe helped pull the team out of many tight spots. This sophomore tackle is figured upon to help lead the Irish for two more years.

WILLIAM GLEESPEN — Bill was good as an offensive and defensive guard. His leading of interference made the Irish end-runs most effective.

ROBERT RECKER—All City (first string). Bob was called by many the most shifty back in the city. Besides this he was a number 1 defensive player.

KEN BROWN—Rough and ready was this big guard's motto. Ken will be able to prove this the coming season.

JOE HANLEY—Using his power and skill, Joe earned the title of a hard-blocking quarterback, as well as being a good defensive clog.

JULIUS SZAKOVITS—"Socko" fought hard in his position as a tackle. His rough and ready play up front helped to make the team click.

LEE SUTER—Lee showed great ability and the fighting Irish spirit in his play. His position at the tackle spot will be hard to fill next year.

BILL CRIPPIN—Plowing through all opposition is what Bill excelled in. More will be heard from him next year.

BERNIE CLINKER—Being considered one of the city's top punters is only a sideline for Bernie who is also known for his rugged line play.

MIKE LANGEL—Although mighty Mike was small, his cleverness as a halfback was a constant threat to the opposing teams.

AL MARCHAL—All City (first string). "Tex" has been called by many the toughest end in the city because of his ability to block and to take out the opponent's interference.

GERALD McCLOSKEY—During his three years on the varsity football team "Mac" has had the distinction of being the team's number one pass receiver.

ED SCHROEDER—Skilled in the art of centering and also a deadly defensive player, this short, stocky senior will be missed by the team.

JOHN SULLIVAN—When extra yards were needed this shifty fullback answered the call. Next fall John's running ability will be a great asset to the team.

Cheerleaders

Backing the Scarlet and Gray at every sports event are these reliable ten. This squad has been a part of the cheering section and has done a swell job.

Front—Richard Burdette, Riley Moore, Robert Kellogg, Joseph Bauer, Joseph Brazzil.
Back—Marion Wodarski, Joan Glonek, Patricia McQuade, Florence Perkins, Rose Lankey.

Managers

In every successful activity there are those behind the scene who set the background and prepare the stage for the event. So in athletics the managers prepare the players for action. Uniforms and equipment are their tools for an all important job.

Seated—John Mohr, Francis Gaffney, Michael Lynch, Harry McMahon.
Standing—Richard Sullivan, Robert Sullivan.

Basketball

DON DONOHER, "Mickey"—Don combined height, speed, and accuracy to keep the Irish in the win column. Returning next year he is a potential high scorer which can make Central again a State Crown threat.

FRANK HIPP, "Hipp"—Frank started playing this year on the varsity and does his job under the backboards. Although Frank hasn't seen much action when he's in there he gets his share of markers as well as rebounds.

TOM McHUGH, "Olaf"—In all the games this junior substitute entered he was in the scoring column. Olaf places as a backboard man and has gotten his share of rebounds. His height will aid the Irish next year.

BOB FELIX, "Bibbles"—Sophomore Felix has all the potentialities of another Hickey. His ability sparked by accuracy has proved him at times too much for the opposition to handle.

TED WILLIAMS, "Ted"—Another tenth grader, Ted kept the Celts in the game by getting off his feet under both backboards. This lad is an all-around cage star with the aggressiveness which keeps the opposition on its toes.

DICK McCLOSKEY, "Specs"—When it comes to tipping artists Specs can top 'em all. This defensive center not only kept the opposition's long shots down to a minimum but dropped in many of his own. Specs also kept the fast break alive as well as effective.

Team

AL MARCHAL, "Tex"—Al received the "best attitude" trophy for being a swell guy. This is our opinion of one of the finest defensive players in the business.

GENE HICKEY, "Big Hick"—Speed isn't everything with Gene on the receiving end of the fast break as his deception kept the opposition baffled to the Irish tactics. The best description of him came at Columbus when a sports writer said, "He does everything so perfectly it doesn't seem spectacular."

GEORGE DONAHUE, "Big George"—This junior hasn't had much chance to sparkle this year, but as defensive forward his height helped build up the Irish zone.

JOHN RASTER, "Max"—This senior's speed and dribbling ability helped the Irish pull through many a tight game, especially against Akron. Johnny wasn't much of a scoring ace but he made up for it on defense.

JERRY McCLOSKEY, "Mac"—Jerry, who had the distinction to be named on the all-state first team, completed most successfully his last season for Central. Spectacular shooting, cool headed passing, and controlling rebounds brought fame to this six-foot-two cager.

BOB RECKER, "Carl"—Bob employed experience and speed to pace the Celts' fast break. His long shots often paved the way for a hard earned victory.

Girls' Athletic League

Nineteen years ago this athletic league was organized for the purpose of developing leadership, promoting social as well as athletic activities and the building of a sense of sportsmanship among the girls.

Under the capable instruction and supervision of Mrs. Kurucz and Miss Leonhardt the girls in their gym classes learn how to play basketball, volley ball, tennis, and archery, along with their schedule of calisthenics.

Basketball tournaments are held with the various Home Rooms competing.

Officers: Mary Alice Murnen, vice president; Julia Cluckey, president; Mary Berning, secretary.

1. More points we hope.
2. There it goes.
3. "Flying Rockets."
4. High and mighty.
5. Letter girls.
6. Aqua champs.

Sanctity

Through four years the idea that one must sanctify himself before attempting to sanctify another has been impressed on the student. The formation of various organizations and clubs — the SSC, YCS, Student Council — are all created for this purpose. These groups mingle with each other in a holy atmosphere — implanting ideas that eventually lead each student to a closer union with the Divine Master.

"Build me straight, O worthy Master!

Staunch and strong, a goodly vessel"

Organizations

Student Spiritual Council

The name of this organization bespeaks its purpose. It aims to call to the students' attention the fact that in a few short years they will be a power for good or evil in the community in which they live. Their higher education and training will cause them to assume leading roles in parish and civic activities. The good that they will accomplish in such positions will be incalculable but only the students who carry out the aims of this Council can hope to wield this influence.

Included in the Council are the St. John Berchmans Society, the Eucharistic-Marian Committee, the Literature Committee, the Apostolic Committee and St. Hilda Guild.

The Apostolic Committee

Back: Donna Diehl, James Andrus, William Sexton, Guy Barile, Helen Williams, Barbara Bowen.
Front: Ray Sheperd, Carol Veigel, Ann Morgan, Richard Rose, David Jagodzinski.

The Apostolic Committee, composed of representatives from each conference room, promotes throughout the school the work of Christ's apostolate.

The sale of Christmas cards and seals, the ransom of pagan babies, the education of native boys for missionary work are a few of the activities this group sponsors to fulfill its aim.

Eucharistic-Marian Committee

This branch of the Student Spiritual Council attempts to create and develop in all Centralites a firm devotion to Our Eucharistic Lord and His Blessed Mother. One representative from each conference room is elected to this group and is responsible for promoting the ideals of this committee.

Back: Paul Kleman, Donald Snyder, Nancy Heintz, Mary Stephenson, Patricia Doherty, James Hite.
Front: Marvin Young, Paul Zalecki, Rita Roth, Jeanne Oswald, Helen Gordan, Raphael Gasiorowski.

Literature Committee

Standing: Robert O'Neill; seated: Raymond Gang, Kathryn Boes, Donald Dobbs, Jane Burnett, Daniel Collins.

The aim of the Literature Committee is to develop in the student body a keen interest in good books. To attain this goal a list of Catholic books was compiled at the beginning of the year and placed in each home room.

To further aid their cause an assembly, a display of books and pamphlets, talks in the various English classes highlighted their activities during Book Week.

St. John Berchmans

For thirteen years this society has flourished at Central. Founded November 26, 1936 to promote religious vocations among its members and to offer them an opportunity to serve at Mass and Benediction in our Chapel, this committee also provides servers for First Friday devotions and for the annual May Convocation.

Officers: R. Sullivan, J. Tynan, B. Donnelly, W. Gleespen, R. Sheperd.

St. Hilda Guild

Sister Hilda gives last minute instructions to the Guild.

From the girls' art classes come the workers of this committee. They take upon themselves the following duties: prepare the sanctuary for Mass, lay out the vestments for the priest, arrange the chapel for Benediction every First Friday and have charge of the altars during retreat and the May Convocation.

St. Vincent de Paul

Officers: E. Hornyak, F. Parker, D. Jagodzinski; standing: J. Rahman.

Central's unit, the Junior Conference of St. Vincent de Paul, was reorganized at Central this year. This society, primarily a lay organization under a spiritual director, has as its aim the promotion of student thought for the welfare of the less fortunate.

YCS

The boys and girls Y C S section at Central, under Raymond Gang and Donna Jean Cousino, with Dr. James O'Toole, S.T.D., J.C.D., as their chaplain, have this year worked on the state-wide program of "Studies and Preparation for Future Vocations." One of their main projects, which attracted everyone's attention, was Privilege Day.

Officers: First Row: Gloria Arvay, Mary Ann LaPorte, Donna Jean Cousino.
Second Row: Dorothy Schlachter, Raymond Gang, Albert Witiman, Sue Kelley.

Student Council

George Selz, president; Mary Alice Murnen, treasurer; Joanne Dugan, secretary; Father Shenk, moderator. Absent when picture was taken, Marshall Desmond, vice president.

One of the outstanding organizations of Central, the Student Council has as its purpose the focusing and activating, by means of picked representatives the wishes and opinions of the student.

During the course of the year, the council directed the civic activities, the community chest campaign and the Catholic Chronicle Subscription Drive.

Hall patrol and traffic officers who supervise the "up and down" system and traffic regulations are chosen from the organization.

Tag Days, Color Day and Dances are sponsored by the members of the Student Council.

All's quiet when George takes over.

Student Council members busy performing their duties:

1. Marking up tax stamp board.
2. Bill Rokicki on hall patrol.
3. W. Zaremski, P. Weisenberger plan color day.
4. Parents register on Parent-Teachers' Day.
5. Richard Rose checks Chronicle Drive.
6. Don James, hall patrol, at work.

Al-Geo-Trig

Editors: Standing: T. Mulvihill, J. Keller, P. Szymanski. Seated: D. Rostetter, R. Gang, D. Schlachter, L. Nordhaus, D. Collins.

Published by the Senior Mathematics classes and edited by a selected staff, the Al-Geo-Trig combines mathematics and interesting reading. The four page edition has as its purpose to stimulate the student's interest in mathematics by focusing his attention on what this subject does for man. Sr. M. Constantia, O.S.F., is moderator.

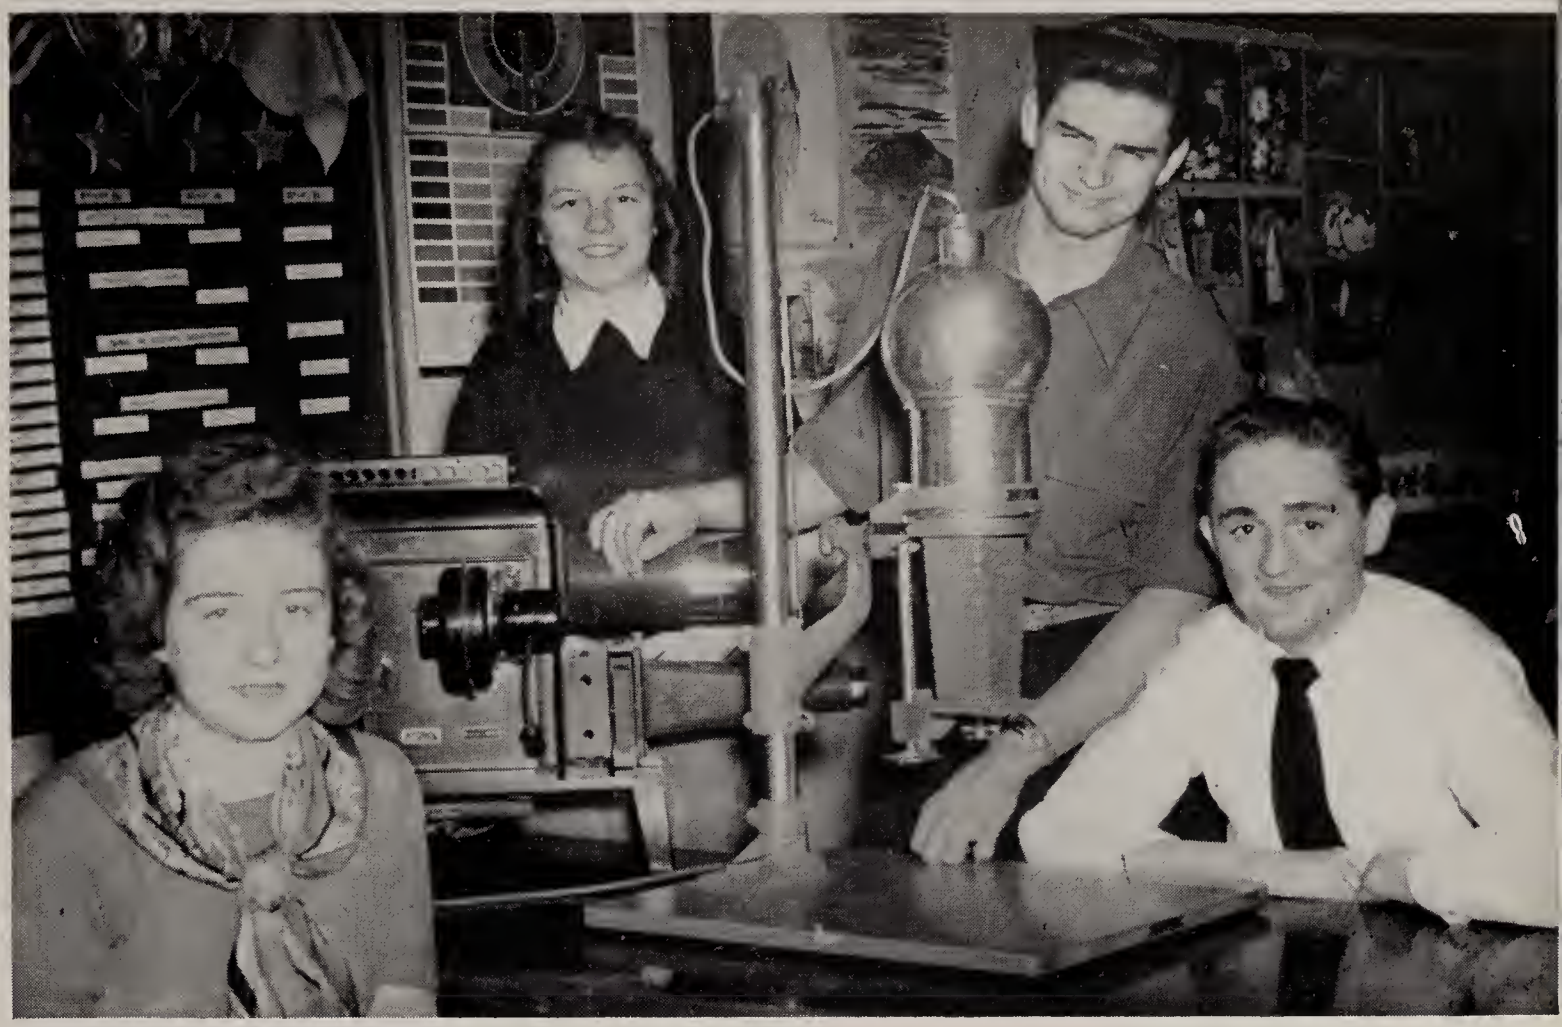
Library Club

Officers: Standing: Marcia Zieman, Ethel Benner. Seated: Mary Jo Hermann, Dorene Sumner.

One of the most popular departments at Central is supervised by the Library Club. Hundreds of students receive, during the day, constant help from these assistants. The purpose of the Library Club is to aid in circulation and to help Sister M. Anthony, librarian and Sister M. Fabian, assistant librarian, with the work in the library.

Camera Club

In its fourth year of operation this Club contains the photography enthusiasts of the school. The officers conduct weekly meetings, inform members of contests, encourage their entrance into some of them, sponsor assemblies and promote interest in all photographic activities. Sr. M. Genevieve, R.S.M., is moderator of the group.



Officers: Joan O'Donnell, Rita Billmaier, Vincent Dauer, Roy Anderson.

Dramatic Club

Officers: James Mayer, Mary Jo Hermann, William Zaremski, Ruth Huston.

After a lapse of five years the Dramatic Club was reorganized at the request of the Seniors. Through the year the club sponsored a one-act play, several assemblies, outside debates, and the Junior Town Meetings. Miss Elizabeth Schultz, teacher of public speaking, is the faculty advisor.

Glee Club

The Glee Club, a regular curricula activity of the school, has as its aim the development of the students' musical ability and their appreciation of music.

This organization has shown its ability to render all types of music, some of which was heard in "The Chimes of Normandy," the Football Banquet, and on Parent-Teachers' Day.

Band

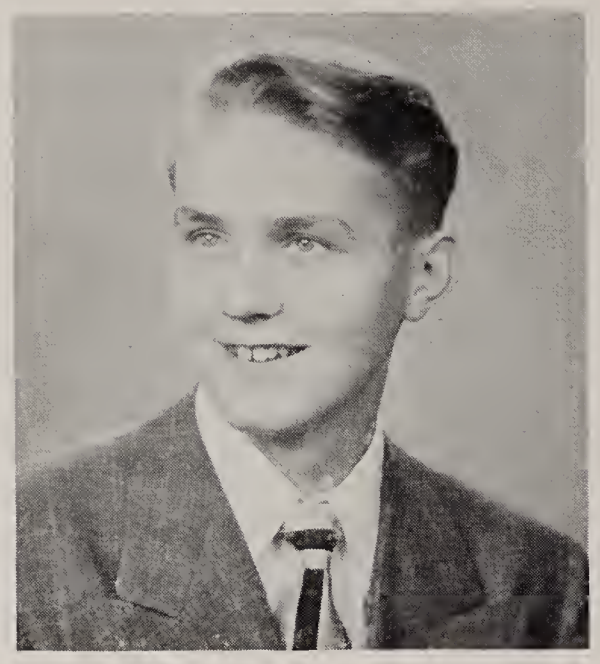
Many long hours of practice, both in the band room and on the campus, are experienced by our red and gray clad musicians. The results of their efforts, seen and heard at the various games, assemblies, May Day Convocation, and civic parades, make these functions more intriguing for all audiences.

Orchestra

A school has many activities, curricular and extra-curricular, and in a number of them the orchestra "plays" no small part. Class plays, operettas, Parent-Teachers' Days are made more enjoyable by the work of this group.

The Centric

CO-EDITOR



PAUL ZALECKI

Presenting an interesting, accurate coverage of the events of the school year—class news, sports, unusual sidelines—in the spirit of Catholic journalism, forms the busy task of the two senior journalism classes. In addition to this, these students learn the principles of newspaper work as it affects a Catholic journalist.

CO-EDITOR

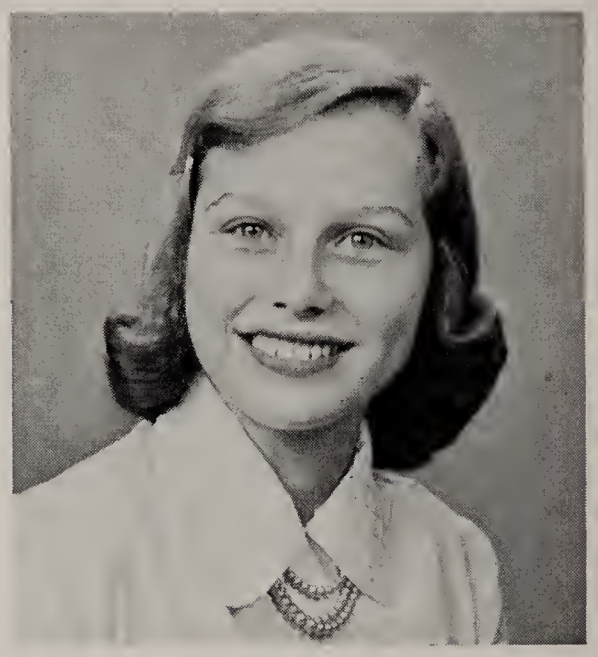
JAMES MAYER

CO-EDITOR



RUTH HUSTON

Scholastic record and active participation in the ad campaign for the annual merit for the seniors a place on the staff of the Centripetal. These students are responsible for the editing and publishing of the yearbook.

The annual is intended to be a review of the events of the entire year, and serve as a remembrance, but at the same time be a complete pictorial record of every member of the school—students, faculty, executives, and officials. As a result, the Centripetal interests everyone, because it deals with the friends and activities of all.

JUMPING CATFISH

This ad has nothing what-so-ever to do with jumping catfish but rather with orthopedic shoe work.

You may not need special shoe work yourself but you no doubt have a friend or friends who do. You, too, no doubt have heard them complain about not knowing where they can get this type of work done.

Here is your opportunity to be of help. Jot down this address and keep it on hand.

What's Tomorrow Like?

Tomorrow is the day after graduation. What will it be like?

Tomorrow can be a friendly place—a bright attractive office where you'll find old friends and make new ones. Tomorrow can be interesting, important work, good pay and a chance to advance.

Tomorrow can be a pleasant, profitable Telephone Job—IF you can measure up to the fine standards of communications work.

Come in and talk it over . . . today!

They See Every Play — Through Thermopane!*

Thermopane insulating glass—two or more panes with a sealed air space between—serves thousands of home owners in Picture Windows and other sash. Recently, more and more schools have specified **Thermopane** units for press boxes in stadiums.

Since **Thermopane** minimizes frost and condensation, games get better press coverage because reporters can see every play even in crisp cold weather. A **Thermopane**-enclosed box also is quieter for sportswriters covering a game.

Thermopane is readily available for all types of glazing. If more information is desired, write for your copy of our **Thermopane** book. Libbey-Owens-Ford Glass Company, HS89 Nicholas Building, Toledo 3, Ohio.
